## **The Holy Land**

Did you know that a meeting between a Christian and a Muslim resulted in the preservation of pilgrimage sites throughout the Holy Land? Two men of different faiths came together in a time of religious conflict known as the Crusades. Despite the rampant battles surrounding them, these men were able to forge a relationship based on mutual respect resulting in a legacy for all mankind to experience in the ages to follow. Join us in this moving story of St. Francis of Assisi and the Sultan of Egypt during the time of the Crusades.
